Они направлены на повышение общей и коммуникативной культуры специалистов среднего звена, совершенствование коммуникативных умений и навыков, повышение качества профессионального образования, интеллектуализацию и повышение мобильности специалиста. Основной целью курса является обучение практическому владению разговорно-бытовой речью и деловым языком специальности для активного применения, как в повседневной, так и в профессиональной деятельности. Критерием практического владения иностранным языком является умение достаточно свободно пользоваться относительно простыми языковыми средствами в основных видах речевой деятельности: говорении, аудировании, чтении, письме. Практическое владение языком предполагает также умение самостоятельно работать со специальной литературой с целью получения профессиональной информации, оформлять деловую переписку, вести беседу, переговоры. Освоение и совершенствование студентами фонетики, грамматики (морфологии и синтаксиса), правил словообразования и сочетаемости слов, а также лексики и фразеологии происходит в процессе работы с текстами, разного рода словарями и справочниками, организуемой с использованием новых педагогических технологий.

Целью создания данных методических рекомендаций является развитие речевой профессиональной деятельности на английском языке. Реализация этой цели осуществляется благодаря специально подобранным упражнениям, методически организованные таким образом, чтобы способствовать формированию у обучающихся коммуникативной компетенции. Лекционный материал, представленный в методических рекомендациях адаптирован, переработан из современных английских и американских изданий.
